EPIRUS
 MEN'S RUNNING

Designed for: Overpronator, high mileage runner, extreme shock absorption.
Model #: TN53
Sizes: 6-12, 13
Colors: White/Marathon Blue/Old Gold
Upper: Mesh forefoot, nylon rearfoot with Ecasine reinforcement, rigid heel counter.
Lacing System: Quadra-Tension lacing
Midssole: Compression molded EVA with dual density vertical extension midssole collar.
Outsole: Blown rubber bi-level tread design with gum rubber heel plug and anti-overpronation shell.
Insole: Three-layer removable insole.
Last: Semi-curved Combination
Weight: 260 grams (size 9)

Special Features: Compression molded EVA with dual density vertical extension midssole collar cradles heel for greater rear-foot stability, provides added shock absorption and retains shape. Quadra-Tension lacing system combines the quickness of speed lacing rings with the adjustable fit and support of Quadra-Lacing. Reflective heel patch. Ecasine reinforcement for better fit and longer wear. Removable insole for comfort. Bi-level tread design and anti-overpronation shell for traction and stability.
